MESSAGE FROM THE CHAIR

The October Dinner Meeting was well attended requiring additional seating for Illiana members. This is one of the reasons why Pam Hale requests using the reservations section of the web site so that adequate arrangements can be made in advance for all members. Illiana has never required late fee registration for dinner reservations but may have to re-think for those who show up without letting Illiana know that they will be there.

In the pre-dinner presentation Illiana member Ron Mika gave us a look at the value of training in the organization. Training at all levels is an extremely important aspect of any organization. Training is not only for the entry level jobs but is equally important for mid level management positions. The subject of training should be more carefully considered by top management when filling positions in the organization.

Our main speaker for the evening was Gary Allie of Mittel Corporation giving us an insight on ISO 14000:2000 Environmental Management. This procedure like QS 9000, ISO 16949, 17025, and others like it. It uses the same base to offer controls of the main quality functions of any concern.

The environment functions for companies like Mittel are important to the general public because the procedure does its best to establish an environmental management system (EMS) and identifies the most significant aspects while setting environmental objectives and targets. In the presentation handout a thorough description of ISO 14001:2004 was given for a thorough review of the procedure. Our thanks to Gary Allie for his excellent description of this important environmental procedure.

For Illianas November meeting at Ciao's Restaurant in Matteson our pre-dinner meeting speaker will be Illiana member and Newsletter Editor Mike Boothe who will speak on "What is measurement Uncertainty" and after we enjoy Ciao's great food our main after dinner Speaker will be Mr. Tony Manos who will give us a version of "Lean Enterprise". Tony is one of Illianas past-chairs and has been involved in Lean Manufacturing and other processes that streamline the manufacturing sector. Ciao's is located in Matteson, IL at 3613 West 216th Street, phone 708-481-6510. Remember to pre-register on the website so we can be sure to seat all members.

For all Illiana members support NIQC 2005 which will be held on November 6 through November 8th at Holiday Inn Select, 1801 Naper Blvd., Naperville, IL 60563-1554. The Holiday Inn Select is located 1Block South of I-88 at the Naperville Exit. You can register for any of the Workshops by going to the website at www.niqc.org. Please support this conference.

As usual I look forward to seeing all Illiana members at our dinner meetings. Be there at 5:45 P.M. for our pre-dinner presentation to hear Mike Boothe on "What is measurement Uncertainty"

Thank You,
Charlie Schmidt – Chair Illiana Section 1213

NIQC 2005

The registration forms for this year's Quality Conference have recently been sent to the members of ASQ Illiana, Chicago, Fox Valley, Heart of Illinois and Northeastern Illinois Sections. Our Illiana Section 1213, along with four other sections, are sponsoring this Quality Conference that will begin on Sunday, November 6th and last until Tuesday, November 8th, 2005.

During the three days, the "New Frontiers for Performance Excellence" will present three Keynote Speakers followed by pre-conference, conference and post-conference workshops with subjects of interest to all ASQ members.

The conference will be located at the Holiday Inn Select, 1801 Naper Boulevard, Naperville, Illinois 60563-1554. The facility is located one block south of I-88 at the Naperville Road exit. The phone number is 1-630-505-4900. FAX is 1-630-505-8239.

Members can send their registration forms to: NIQC 2005 Registration
P.O. Box 563
Channahon, IL 60410
